# GIVING TUESDAY

♥ Join Us This Giving Tuesday ♥

Today is Giving Tuesday, and we're excited to invite you to stand with us as we continue bringing *high-quality, joy-filled arts education* to students across San Diego County.

As schools and nonprofits navigate ongoing financial challenges, the demand for arts programming continues to grow. For many young people, the arts are more than enrichment; they are a lifeline for creativity, expression, confidence, healing, and connection. Yet too many classrooms still lack access to consistent and meaningful arts opportunities.

**This is where you make all the difference.**

Arts Education Connection San Diego relies on the generosity of donors, partners, and community members like you to sustain and expand our programs. Your support fuels teaching artists in classrooms, supplies for hands-on creative learning, community exhibitions, and arts opportunities in schools that would otherwise go without. Because of you, thousands of students each year get to explore visual art, music, dance, theatre, literary arts, and media arts—regardless of zip code or circumstance.

✨ **How You Can Make an Impact This Giving Tuesday (and beyond)!**

Your support can start today and doesn't have to stop on December 2nd:

- Make a gift now or by December 31 to support students this school year,
- Set up a recurring monthly donation to sustain arts programs all year long,
- Share our mission with your circle and inspire others to give,
- Host a mini fundraiser or community gathering to spread the word.

Every action—big or small—helps keep creativity thriving in our classrooms and communities.

## **Together, we create brighter futures through the arts.**

Thank you for believing in the power of creativity and for partnering with us today and throughout the year.

---

**Please consider donating to Arts Education Connection San Diego!**

Join us in making a positive impact on the lives of students today!
